PROJECT CHARTER

Project Name	Book Exchange
Date Produced	January 25, 2026
Project Goals	To create a platform that enables university students to buy and sell used textbooks directly to each other, reducing textbook costs and promoting reuse within the campus community.

Project Objectives

1. Develop a posting system that allows sellers to list textbooks with title, course code, condition, price, and contact information
2. Build a browse page that displays all available textbook listings
3. Implement search and filter functionality by course code, title, and department
4. Create a detail view page showing full listing information and seller contact
5. Enable sellers to edit, delete, and mark listings as sold
6. Deliver a functional MVP by the project deadline
